Free Consult Line
Monday-Friday
9 am - 5 pm

Any Mississippi primary care provider who treats patients 21 years old and younger can utilize CHAMP by calling the CHAMP Consult Line. The CHAMP Consult Line provides educational support for mental health care such as diagnostic clarification, medication adjustment, or treatment planning.

CHAMP has really been a great partnership for me and my practice and it's helped me gain confidence in how I treat the mental health care needs of my patients.

Dr. Tami Brooks, Pediatrician at Starkville Physicians and Surgeons Clinic, May 2020

Providers Can Call CHAMP When

- They have a foster child that has been prescribed psychiatric medications somewhere else that need to be renewed.
- They need assistance identifying appropriate referrals for a difficult to place patient

In Short, CHAMP

- Trains Providers to Screen For Mental Health Concerns
- Supports Mental Health Treatment Inside Medical Home
- Educates Primary Care Providers
- Increases Access to Child Psychiatry
- Provides Referral Assistance
